About MyEvaluations.com

Who We Are

MyEvaluations.com provides enterprise-grade medical education management solutions for academic hospitals, clinical programs, medical schools and governmental public health agencies of all sizes.

Our Mission

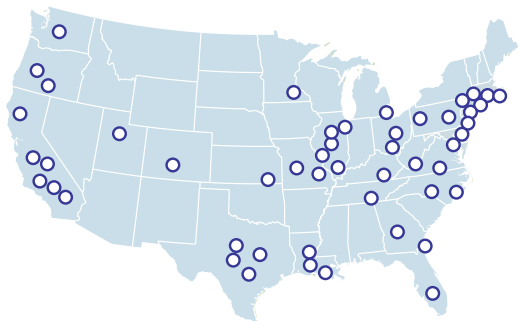

MyEvaluations.com enables the best clinical care and training while meeting reporting and accounting needs efficiently and automatically.

We support the unique requirements of highly regulated clinical environments with robust, scalable information systems that incorporate existing data and healthcare workflows.

Our Services

MyEvaluations.com suite of Medical Education Management Services are utilized by residency programs, medical schools, hospitals and other medical education programs, to centralize data management. We provide comprehensive data warehousing, medical education fiscal reporting and document management tools through a single common interface.

MyEvaluations.com offers a comprehensive suite of services for all members of the healthcare team – from students and residents through nurses, technicians, and faculty.

Who We Serve

MyEvaluations.com serves more than 900 institutional accounts Worldwide. Clients include:

- Undergraduate & Graduate Medical Education Programs
- Academic Hospitals
- Clinical Programs
- Governmental Public Health Agencies

The MyEvaluations.com Difference

We provide a constantly evolving, state-of-the art system coupled with first-rate implementation, training, and support – **real value and service to assure your success.**

Powered by browser-based workflow tools, MyEvaluations.com is ready for rapid deployment. Our robust, scalable, and customizable information system supports the unique requirements of highly regulated clinical environments while incorporating an institution's existing data and healthcare workflows.

Our Graduate Fiscal Management Systems

MyGME fiscal is an advanced application that addresses the fiscal needs of medical residency programs. MyGME provides all the services from data collection to fiscal reports including FTE, Medicare audits and Medicare cost reports. IME, DGME and allowable FTE calculations are aggregated automatically. IRIS reporting is accessible and transparent with all our fiscal reporting tools.

Privacy & Security

MyEvaluations.com is committed to protecting the privacy of its customers and holds itself to the highest accountability standards when it comes to the collection and use of your personal information. We use the latest technology to protect your data and adhere to HIPAA and HITECH regulations regarding patient information.

Service & Support

Client support is available 365 days a year, 7 days a week, 24 hours a day. MyEvaluations.com provides an on-time service window of 3-hours for critical issues and 24-hours for non-critical issues and general questions. If the issue requires a phone call, a support representative will call the administrator to resolve the issue.

*We Manage the Data that
Informs Your Decisions.*

Managing Institutions & Programs

“MyEvaluations.com transforms information management into strategic opportunity.”

MyEvaluations.com is a robust and workflow-driven medical education management system that is accessible from the web and any mobile device.

MyEvaluations.com serves your data management and reporting needs with a comprehensive and integrated suite of services:

- Portfolios
- 360° Multi-Source Evaluations
- Milestones & EPAs
- Learning Assignments
- Demographics
- IRIS & Billing
- Program Accreditation
- Third party integration including Challenger, Procedures Consult, AMION and Tangier.
- Duty-Hours
- Procedures & Patient Logs
- Conferences
- Quizzes
- Scheduling
- Institutional Compliance
- Data importing from ERAS and other services

MyEvaluations.com and our experienced staff will increase your efficiency by:

- Centralizing access and reducing redundancy
- Using captured data to streamline tasks
- Providing useful access to essential accreditation information
- Improving institutional quality measures
- Meeting regulatory requirements such as LCME, ACGME and JCAHO
- Generating NAS and CLER reports
- Maximizing Medicare reimbursement

GROUP-SPECIFIC FEATURES

Institutional Administrators

- Centralized compliance reporting for:
 - Duty-hour violations across all programs
 - Evaluation completion compliance
 - Procedure compliance
 - Scholarly activities
 - Affiliate agreements
 - JCAHO compliance
- A single medical training management system to accommodate all services
- Access to all program details
- Create master rotation schedules based on existing departments
- Use MyGME to generate affiliate billing invoices based

Fiscal/Financial Services - MyGME®

- Generate accurate IRIS data export to diskette (DBF) or intermediary
- Errors & Omissions report guarantees that all data is validated
- Maintain a detailed audit trail
- Generate Medicare Cost Report across one or more institutions
- Provide FTE count reports that integrate rotation assignments and resident demographic information to determine correct FTE for each individual
- Enable fiscal agent to configure IME and DGME calculation settings for each service

Administrators & Coordinators

- Build unlimited custom evaluation forms to address 360° multi-source evaluations, integrated with milestones and EPAs
- Generate semi-annual NAS reports
- Complete electronic MyPortfolio and document management
- Maintain demographics, educational history and other information about each trainee and faculty
- Import data from ERAS and OnCall/AMION to avoid redundancy
- Assign evaluations automatically based on rotation schedules, with automatic email reminders
- Monitor completion status of evaluations, procedures and duty-hours, quizzes and learning assignments
- Receive automatic email notification and document comments for duty-hour non-compliance
- Monitor conference and clinic attendance
- Maintain and track certifications (e.g. ACLS, PALS, ECFMG, Visa and more)
- Upload and monitor rotation curriculum and syllabus with automatic email notifications

Program Directors

- Receive automatic email notification and document comments for duty-hour non-compliance
- Receive automatic EarlyWarning™ and ExceedExpectations™ email notifications on sub-optimal and high-performance evaluations
- Summarize evaluation results in tabular format
- Produce evaluation completion status reports
- Generate semi-annual NAS reports
- Identify procedures pending review by the supervising physician
- Division/Section Chiefs can view evaluations for subspecialty attendings
- Compare and rank trainees and faculty performance relative to peers
- Manage the Clinical Competency Committee

Managing Program from Day-to-Day

Each training program has unique needs and information requirements. MyEvaluations.com is configured and deployed for each program's unique requirements. We consider each program individually based on specific needs and organize the implementation accordingly. Data collection is automated with various email reminders. Users can access MyEvaluations.com from any web-browser or mobile device with an Internet connection. Program Directors and Administrators have immediate access to all data as it is submitted.

Key Benefits

MyEvaluations.com collects and manages the information training programs need; including user demographics, educational history, schedules, evaluations, procedures, patient logs, conferences and duty-hours, quizzes, milestones and learning assignments. Trainees can submit documents with MyPortfolio, while departments can track compliance with curriculum requirements. Administrators and directors can easily generate compliance and milestone reports.

Evaluations

Create 360° competency-based evaluations for all users in the program and institutions. Integrate EPAs and Curricular Milestones into all evaluation. Share data between linked departments. Generate comprehensive reports with real-time data exporting.

Design 360° Evaluations:

- Fully customizable for each program and completely web-based
- Organize by Competencies, Milestones and EPAs
- Use existing database of evaluation questions or write your own

Assign Evaluations:

- Automate assignments by schedule
- Monitor pending evaluations and compliance
- Automatic e-mail reminders of incomplete evaluations

Review Evaluations:

- Print real-time on-line comprehensive reports or export data
- Comparative analysis with tables and graphs
- Automatic EarlyWarning™ and ExceedExpectations™ notifications

Scheduling

- Full integration with AMION/OnCall and Tangier
- Automatic Evaluation Assignments
- Automatic Duty-Hour Worksheets
- Automatic Conference and Clinic Scheduling into duty-hours
- Rotation Reporting by trainee
- Curriculum notifications

Milestones and Entrustable Professional Activities

MyEvaluations.com is the leading innovator for integrating Curricular Milestones, Entrustable Professional Activities (EPAs), and Milestone Narratives.

Curricular Milestones and EPAs

- Map curricular milestones to EPAs
- Develop EPA-based evaluations across multiple competencies
- Set benchmarks for Levels of Readiness specific to each training level
- Integrate measurements from all assessment tools
- Monitor and report performance over time

Milestone Narratives

- Map curricular milestones and/or EPAs to milestones
- Monitor multiple milestone requirements simultaneously
- Manage the Clinical Competency Committee (CCC)
- Assign CCC members trainees for preliminary review
- Generate both quantitative and narrative reviews based on cumulative performance
- Generate NAS reports

Residents, Fellows, Students and Attendings Nurses and Mid-Levels

- Address all reporting and communication needs in one place
- MyPortfolio and document management solutions
- Track evaluations, schedules, duty-hours, procedures, patient logs, conferences and quizzes and learning assignments
- Manage compliance with training requirements via email reminders
- Mobile device access for schedules, evaluations, duty-hours, procedures, patient logs and conferences
- Anonymous peer reviews
- Supervisor reviews and performance ranking
- Credential verification by nurses of trainee procedures (JCAHO accreditation)
- Access to a full range of compliance and performance reports

Procedures & Case Reporting

HIPAA-compliant Procedure and Patient Logs. Use the Web or any mobile device. Data can be exported to any third party application using common formats.

Unlimited Variety of Procedures & Diagnosis

- Customize Procedure Logs and Patient Logs
- Use ICD-9 and CPT codes
- Integrated with Procedures Consult™

Monitor Certifications and Completions

- Track pending and completed procedures
- Select a custom list of certifying/supervising physicians
- Automatic e-mail reminders to sign procedures
- Set milestone requirements
- Integrate competency and EPA based evaluations

Review Procedures & Patient Logs

- Nurses can verify procedure certification on trainees (JCAHO compliance)
- Patient cases with EBM reviews
- Document patient case compliance

Submit & Monitor Duty-Hours

- Use the Web or any mobile device to submit and track hours
- Automatic e-mail notices for non-compliant duty-hours
- Automatic e-mail reminders to submit hours
- E-mail notification of non-compliant trainees
- Real-time reporting and e-mail reminders to submit duty-hours
- Compliance reports with details and graphs

Conference & Clinic Tracking

- Track attendance to clinics and conferences with a traditional sign-in sheet, or with verification codes
- Use the Web or any mobile device to submit and track hours

Create Custom Schedules

- Create conference and clinic schedules
- Establish attendance guidelines
- Block, rotation, clinic, conference and ER schedules

Review & Track Attendance

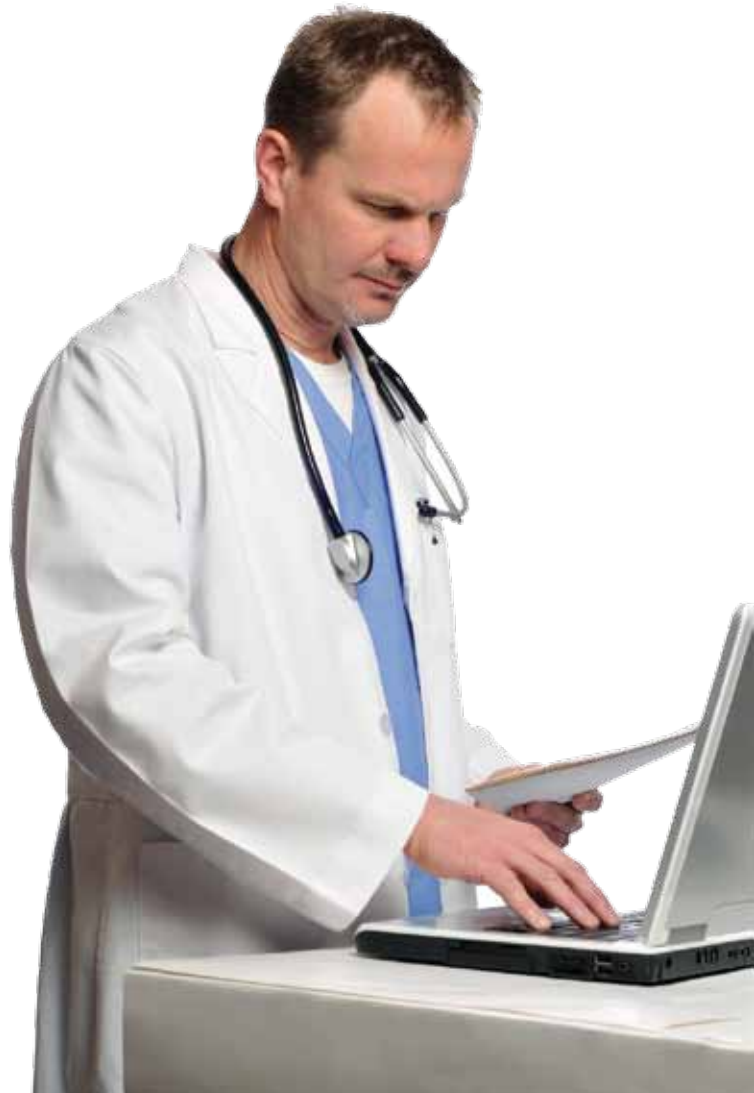

- Summary reports of attendance with percentages based on required and non-required conferences
- Easy access to compliance reporting on each trainee

ACGME Accreditation Standards

- Customize duty-hour parameters for work and call hours
- Establish rules for In-house call, pager-call, and moonlighting
- Link data to schedule for auto-complete worksheets for trainees
- Integrated milestone reporting for NAS and CLER

Technology

- User access is browser-based
- ASP hosted and managed by MyEvaluations.com
- Secure servers utilizing 2048-bit encryption
- Software is maintained and updated by MyEvaluations.com
- Third-party review by SecurityMetrics® and Trust-e®
- Uses Microsoft SQL® and Oracle® as its database engines

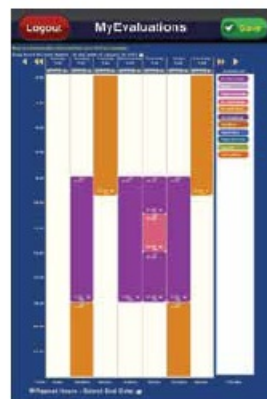

Centralized access to all pending work to be completed. Single click feature makes user operation simple.

Mobile access for all devices: Access to Evaluations, Schedules, Duty-Hours, Procedures, Patient Logs and Conference Tracking

Online help is available for all users. Indexed by topic and searchable content; provides immediate answers for all your questions.

Support staff are available via phone and email 24 hours a day, 7 days a week.

A Complete Suite of Medical Education Management Services

Efficient Implementation and Simple Operation

MyPortfolio is a complete document management solution for users and administrators.

Centrally store and distribute curricula, videos, contracts, scholarly activities and presentations.

Manage accreditation documents and affiliate agreements. Review all data associated with a trainee from a central control panel.

Navigate with user-friendly tabs, and search the entire database.

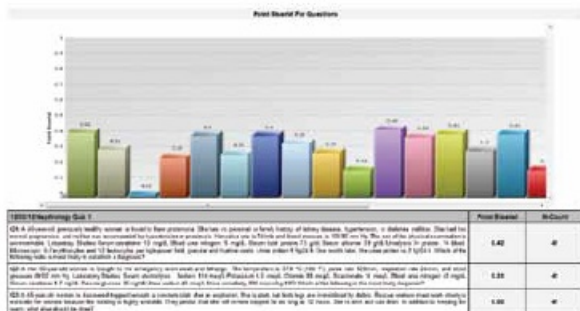

Contact Support@MyEvaluations.com if you have questions.

Schedules are fully integrated with AMION/OnCall. We also support Tangier and other scheduling tools.

Review schedules for a single department or the entire institution. Straightforward display of personnel on call, ER service and clinics. Provide operator access for looking up who's on call including specialty and pager number.

Milestone Outcome Reporting is the most advance solution to managing, tracking and reporting curricular milestones, trustworthy professional activities and milestone narratives.

- Establish the overall patient milestone (1) Improvement
 - Needle placement common (1) Meta Standards (1) Exceptional Performance (please comment)
- (selecting: Interpretation and Communication Skills)
- Evaluation:
 - Clinical Competency Evaluation
 - Evaluation of Overall Performance
 - Genetics
 - Options:
 - Cardiac (CU)
 - Hepatology
 - Immunology
 - Pathology - US
 - Rheumatology

MyQuiz provides your program with the comprehensive tools for developing, distributing and tracking examinations.

Tools include comprehensive statistical analysis such as biserial analysis, coefficient alpha, frequency distribution and more.

The GME office and House Staff office have comprehensive access to all institutional activities. MyGME provides Master Rotation Schedules for Gap and Overlap Analysis. Complete access to FTE Reports, Medicare/IRIS Cost Reports, and Medicare Audit Report.

Billable	Name	SSN	From	To	Type	Daily Rate	Total

MyPortfolio®

A reliable and comprehensive document management solution. We provide centralized access to all your information including contracts, accreditation documentation, scholarly activities, demographics, curriculum, course documents, videos and much more. MyPortfolio is your tool for securely storing and distributing information within the entire program / institution.

Portfolio Overview provides a centralized repository of the trainee's performance based on the Core Competencies.

Personal Document tracking of personal statements, self-appraisals, patient care follow-ups and curricula. Complete document management solution that includes review compliance tracking.

Evaluations are tracked in real time, providing centralized access to important evaluations during a trainee's performance review.

Milestones are tracked and reported in real-time.

Credentialing Documentation provides each trainee with complete document management of contracts, visa, memberships, curriculum vitae, letters of reference, records of rotations and learning assignments and more.

Publications & Presentations by each trainee and faculty can be submitted, tracked and reviewed by administrators.

General Demographics can be reviewed and managed centrally. Setup on-boarding requirements.

Examination Scores including rotation quizzes and in-service performance. USMLE and COMLEX are centrally reported and tracked.

Security, Privacy & Anonymity

Easy and secure web-based access protecting the privacy of all users.

Recognized Security Measures

- 2048-bit SSL encryption with bank-grade access
- Audit trails of all activities
- You own your data and can export it any time
- Third party privacy policy monitoring
- Third party server security monitoring

100% Guaranteed Anonymity

- Configurable anonymity
- Data reported in aggregate, randomized and without identifying details

CME Certification & Management

Comprehensive CME (Continuing Medical Education) management systems for generating conference-specific evaluations. The task of assigning and managing CME evaluations has been simplified. Online e-mail reminders are sent automatically. Attendees can generate online CME certificates in real-time after completing and submitting evaluations.

Design Streamlined CME Evaluations

- Conflict for interest reporting
- Customized scales for each question
- Differentiate CME event and multiple speakers

Assign CME Evaluations

- Track conference topics and locations
- Assign expiration dates
- Customize learning objectives

CME Management Reports and Certificates

- Detailed and summary attendance reports
- On-line access to CME certificates
- Customized logos, signatures and seals
- Historical tracking for state reporting

All features are fully integrated into each user's existing MyEvaluations.com account and department. Features of CME Certification and Management can be added at any time. Simply contact our office and ask for more information and pricing.

Additional Benefits

24/7/365 Technical Support

Learning Assignments for tracking assignments and learning history

Third party integration such as Procedures Consult and Challenger

InCommon™ standards

MyPortfolio® document management system

MyQuiz™ quiz management with dynamic review and statistics

Training and Support

MyEvaluations.com® is committed to the success of its clients. Our effective implementation, training and support will help you fully utilize every capability of our system.

First-Rate Implementation

MyEvaluations.com is committed to ensuring the success of every user, program and institution. Our client representatives are experienced program administrators. We guarantee your complete satisfaction when implementing MyEvaluations.com.

The Implementation Process

Every new account and program is successfully implemented. MyEvaluations.com can quickly implement new accounts by utilizing 'off-the-shelf' evaluation questions, procedure logs and reports, default duty-hour settings and established privacy rules for users' access to data. We can get you up and running promptly, while providing additional training to later customize the system as desired.

If you have unique institutional needs that require immediate attention, MyEvaluations.com can be customized in order to meet your specific requirements. The system's core flexibility offers you the ability to integrate both MyEvaluations.com and MyGME services into virtually any facet of your training programs.

How much time do we need for implementation?

Program implementation on MyEvaluations.com will require a total of 7-10 days. In as little as 4-5 days a program can create custom evaluations and milestones, procedure logs, duty-hour rules and conference tracking. Trainee and faculty schedules will require an additional 2-3 days to setup.

Institutional implementation for UME, GME and Fiscal operations on MyGME are arranged based on each institution's specific needs. The implementation time will include Green-book setup, resident demographic management and institutional scheduling links.

Comprehensive Training

MyEvaluations.com works with each program to train key personnel, such as coordinators and directors. Intensive one-on-one training of key individual positions provides effective first-level support for the entire program. In addition, all users have 24/7 access to Support and access to MyHelp, a complete online help manual.

Other facets of the system, such as MyGME involving fiscal services, will require more specialized training. Both GME, fiscal and financial personnel can be trained on-site or over the web.

Once initial training is successfully completed, we offer supplemental training on new features, skill-building and system orientation for new users. We want your staff to have up-to-date information on all the capabilities of MyEvaluations.com.

We provide responsive and knowledgeable support

You can reach MyEvaluations.com Technical Support either by email or by phone, with rapid response that reflects the urgency of your issue. Urgent issues are addressed 24/7 with a guaranteed 3-hour response time, while non-urgent inquiries are addressed within 24-hours. Our support assures a 99.9% up-time of all services, that includes new releases and updates, at no additional charge.

*Implementation, Training & Support
for Your Continued Success.*

MyGME® *fiscal*

MyGME *fiscal* is a powerful application that addresses the fiscal needs of medical training programs. MyGME provides all the services from data collection to reporting:

- Accurate IRIS data exporting
- Errors & Omissions reporting to validate all of your data
- Detailed audit trails
- Medicare cost reporting across one or more institutions
- FTE reporting that integrates rotation assignments and resident demographic information to determine correct FTE for each individual
- Customizable IME and DGME settings for each service and location

IME, DGME and allowable FTE calculations are aggregated automatically with our fiscal reporting tools.

MyGME *fiscal* offers the option to easily generate affiliate institution invoices.

Master rotation schedules are accessible for all house staff, including the ability to analyze gap and overlap assignments for accurate Medicare cost reporting. All required information and audit trails for IRIS reporting is immediately accessible.

MyGME *fiscal* is reliable and user-friendly. An administrator can easily use the menu-driven service to configure an institution by utilizing our exclusive ERAS data import feature; integrate house staff demographics and create assignments.

In order to ensure a smooth transition, MyGME offers Fiscal Service training sessions and Best Practice Guidelines.

Powerful – Affordable – Versatile

LEADING MEDICAL EDUCATION WITH SUCCESSFUL SOLUTIONS

MyEvaluations.com is a trusted provider of enterprise-grade medical education management tools for academic hospitals, clinical programs, medical schools and governmental public health agencies of all sizes.
