

Your complete suite for medical education management.

Simple - Powerful - Intuitive

Why choose MyEvaluations?

✔ Purpose-Driven Functionality

Every feature within our platform isn't just added – it's crafted. Rooted in deep industry insights, years of experience, and feedback from educators like you, our tools are efficient and transformative.

✔ Adaptive & Future-Ready

Our commitment to innovation means we're always on the lookout for the next big thing in medical education. As the industry evolves, so do we, ensuring you're always a step ahead with the latest tools and insights.

✔ A Seamless Experience

In our world, every module, every functionality interlocks seamlessly, weaving a cohesive story of your medical education journey. We don't just collect data; we make it speak, highlighting trends, gaps, and successes.

✔ A Holistic Overview

Dive deep into all facets of medical education, from clinical hour tracking to comprehensive performance reports. MyEvaluations provides a panoramic view, ensuring that no detail, however minute, escapes your notice.

✔ Built with Empathy

MyEvaluations merges cutting-edge technology with the personal touch of human interaction. Offering voice-to-text feedback capabilities and user-friendly learning modules, our platform is designed for the way people naturally work. Supported by a dedicated team accessible via phone, chat, and email, we ensure that every interaction with MyEvaluations is personal and successful.

✔ Personalized Client Services

Embracing a new system can seem challenging, but with MyEvaluations, you're never alone. We provide customized training and steadfast support to ensure you and your team successfully harness MyEvaluations' capabilities to their fullest. Count on our committed client success managers and support team to navigate you seamlessly through the transition and data conversion, every step of the way.

Join us at MyEvaluations

Where we've pioneered a platform that doesn't just adapt to the changing needs of medical education – it anticipates them.

Welcome to the future of intuitive and innovative medical education management.

The human approach to medical education

Who is MyEvaluations?

At MyEvaluations, we are more than just a software provider; **we are your medical education partner**. Leverage our suite of solutions designed with your needs at the center, where we focus on an intuitive and seamless experience that turns your medical education data into actionable information.

Join us in our mission

Our mission is to empower people in medical education to focus on what they love doing. We achieve this by offering tools that reduce administrative burdens and provide meaningful insights that improve your education programs.

Stacy Schulte, MHA, DGME
Mercy Health St. Rita's
in Lima, Ohio

"MyEvaluations offers a complete residency management software package. The software package is complex, and Dr. Melamed and his team go above and beyond in assisting customers in the proper use of the functionality of the software."

Experience the difference

Empowering People in Medical Education

Our suite of solutions, from MyEvaluations to MyGME Fiscal, MyCME, and MyQuickPass, promote fiscal efficiency, optimize compliance, and improve education and patient outcomes.

We stand with you every step of the way, providing full support for your success. Your success is our success.

The Human Approach

While we are proud of our technological innovations, it's the human touch and intuitive solutions that make the real difference. Each button, feature, and product we create is designed to enhance your experience and facilitate ease of use.

After all, our mission is more than to deliver great software, it is to take care of healthcare professionals.

We are committed to delivering superior services to a diverse range of organizations

The people we serve

Undergraduate & Graduate Medical Education Programs

Ensuring the effective management and tracking of educational content, trainee performance, and curriculum compliance.

Academic Hospitals

Streamlining residency management, hour tracking, performance evaluations, and accreditation adherence.

Clinical Programs

Offering comprehensive solutions for training management, scheduling, and compliance needs.

Governmental Public Health Agencies

Providing essential tools for public health management, program evaluation, and policy compliance.

With over 900 institutional clients worldwide, we take pride in our ongoing commitment to advancing global healthcare and education.

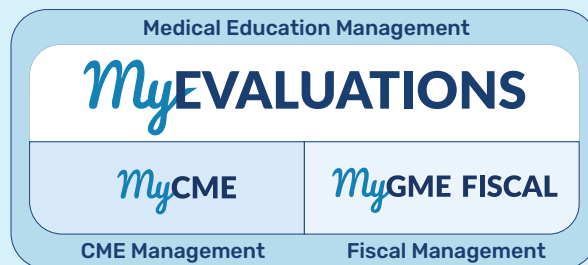

Your All-in-One Solution for Medical Education

MyEvaluations is more than a platform, it's an evolution in medical education management.

From assessment to compliance, scheduling to curriculum management, every tool you need is here, **integrated seamlessly.**

Experience how MyEvaluations transforms complex processes into simple, streamlined solutions, uniting all facets of medical education within a single, intuitive system.

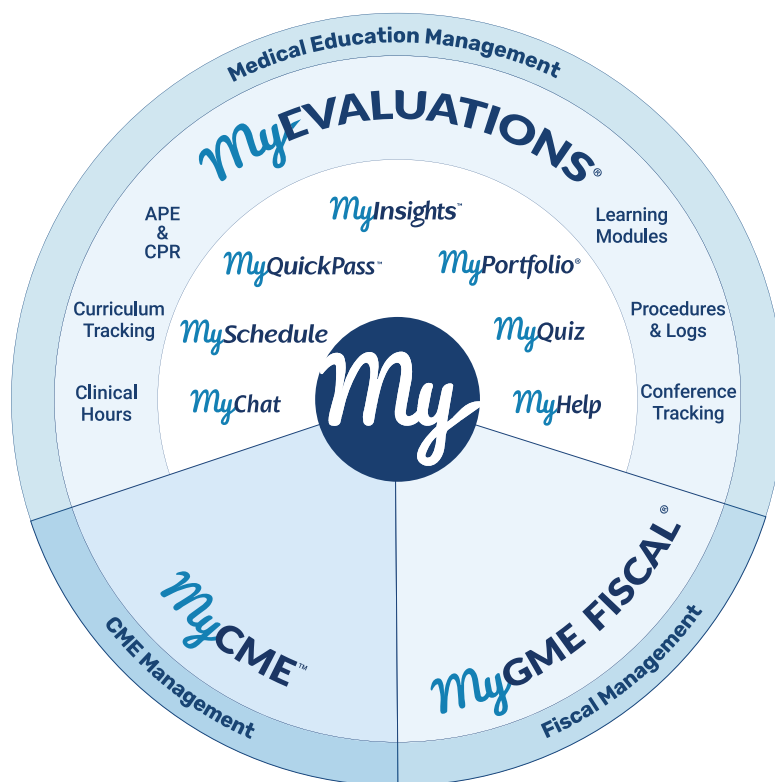

The MyEvaluations Approach: Simplifying Medical Education Management

At MyEvaluations, we understand the intricacies and demands of medical education management. Our comprehensive suite, illustrated in the wheel diagram, is not just a set of tools – it's a unified ecosystem designed to simplify and elevate every aspect of medical education. From assessment and feedback to scheduling, compliance, and curriculum management, we have meticulously crafted each component to work in harmony, ensuring a seamless experience for educators, administrators, and trainees.

Our approach is built on three core principles:

- ✔ **Simplicity:** Complex tasks should not require complex solutions. MyEvaluations, MyGME, and MyGME Fiscal are designed with intuitive interfaces, ensuring ease of use without sacrificing depth and functionality.
- ✔ **Interconnectivity:** We believe in working smarter by automatically flowing data between our modules. Information shouldn't be isolated in a silo. Our platform integrates all your educational management tasks, allowing for seamless transitions and coherent functionality.
- ✔ **Empowerment:** Our goal is to empower medical educators and administrators with tools that not only streamline their workflow but also enhance the learning and development of their trainees.

As you delve into the following pages, you'll discover the unique features of each service we offer, their benefits, and how they collectively contribute to a more efficient and effective medical education experience.

Assessment and Feedback: Tailoring Evaluations for Meaningful Insight

Discover a world where evaluations are more than routine checks; they are powerful tools for insightful assessments.

- ✔ **Choose Your Evaluation Structure:** Transforming Assessments to Fit Your Vision: Tailor your evaluations to fit your unique needs. Utilize our flexible structure options to replicate your existing evaluations, leverage our extensive question library, or embrace the power of narrative evaluations. Enable evaluators to express work experiences as impactful stories rather than mere numbers.
- ✔ **Empowering through Entrustable Professional Activities (EPAs):** Guiding Progress with Precision: Utilize our dynamic EPA module to monitor and guide trainee progress. EPAs offer a nuanced approach to evaluating competencies, allowing you to capture a more detailed picture of each trainee's development while using fewer questions.
- ✔ **MyInsights:** Transforming Narratives into Actionable Feedback: Explore the revolutionary MyInsights feature that turns rich narrative input into clear, actionable insights. This module enhances the feedback process through narrative-based evaluations thereby allowing for more nuanced understanding and targeted growth opportunities.
- ✔ **Milestones:** Mapping Developmental Progress: Track critical developmental milestones with precision. Our Milestones features include PIPs, national benchmarks, and Narrative Predictive Values™ to help facilitate each trainee's growth. We provide a comprehensive roadmap of the trainee, highlighting areas of strength and those needing further development.
- ✔ **Performance Improvement Plans (PIPs):** Objective plans that drive success: Easily identify trainee deficiencies related to both competencies and sub-competencies. Quickly initiate a learning plan based on Areas of Deficiency, specifying the Action Plan. Use predefined and customizable behavioral definitions, explanations, and plans to guide each trainee toward personal growth and success.

By choosing MyEvaluations for assessment and feedback, you're not just evaluating performance, you're unlocking a world of potential, understanding, and growth.

Scheduling and Compliance: Streamlining Operations with Precision and Insight

Elevate your scheduling and compliance management to new heights of efficiency and accuracy.

- ✔ **MySchedule:** Comprehensive Scheduling Solutions: MySchedule brings efficiency to managing rotations, shifts, clinics, calls, and conferences. Create schedules automatically based on requirements, gather trainee preferences, and meet staffing requirements with detailed schedules that cater to the diverse needs of your program, ensuring smooth operations and clear communication.
- ✔ **Conference Tracking Integration:** Elevating Educational Events: Take your educational events to the next level. Organize every aspect smoothly, from fixed schedules to impromptu sessions. Manage speakers efficiently, keep a close watch on trainee attendance with detailed accuracy, and share materials online and on the MyEvals App for easy access. Boost engagement through interactive in-conference quizzes and employ QR code scanning for accurate and touchless entry and exit monitoring. This system facilitates punctuality and active participation, transforming your events into dynamic learning experiences.
- ✔ **MyQuickPass:** Automated Clinical Hour Tracking: Set geofences around clinical sites that allow trainees to effortlessly check-in and check-out using the MyEvals App on their mobile devices, even while their phone stays in their pocket. Designed for precision and compliance, MyQuickPass is an essential, cutting-edge tool for modern medical education. Its precision-driven design ensures accurate tracking, making it an indispensable asset for both trainees and program administrators.
- ✔ **Clinical Hours Management:** Ensuring Balance and Compliance: Achieve a blend of compliance and well-being with MyEvaluations' Clinical Hours Management tools. Dedicated to upholding ACGME duty hour regulations, these tools offer an effective way to track and manage clinical hours, ensuring that your program adheres to essential standards. Integrated with the Oldenberg Burnout Inventory (OLBI), our system provides a holistic approach to managing trainees' workloads. This dual focus on regulatory compliance and wellness cultivates an environment where trainee health and work-life balance are prioritized, leading to a more productive and balanced medical training experience.

MyEvaluations' scheduling and compliance tools are crafted to provide an unparalleled blend of precision, efficiency, and user-friendliness, ensuring your program operates smoothly and meets all regulatory standards.

Curriculum and Clinical Management: Shaping the Future of Medical Education

Innovate and inspire with dynamic curriculum and clinical management tools.

- ✔ **Curriculum Development:** Managing the Educational Journey: Utilize our agile tools to create and continually update your curriculum, ensuring it aligns with evolving medical practices and educational standards. Set rotation goals and objectives with automatic notifications distributing reading material, and set benchmarks for case logs and procedures. Automatically assign quizzes and learning assignments with training-level-specific performance standards.
- ✔ **Rotation and Clinical Assignments Management:** Aligning Goals and Needs: Efficiently coordinate rotations and clinical assignments to align with both program goals and trainee needs, ensuring a seamless educational experience.
- ✔ **Entrustable Professional Activities (EPAs):** Empowering Professional Growth: Leverage our EPA module to set rotation-specific entrustments that are tied to rotation evaluations and are automatically assigned for each rotation. Simply monitor each trainee's professional development, ensuring they are prepared for entrusted roles with confidence.

By choosing MyEvaluations for curriculum and clinical management, you're ensuring your program remains at the forefront of medical education, adapting to changes and setting the pace for future learning.

Tools for Comprehensive Learning: Enriching Education Beyond Boundaries

Elevate the learning journey with a suite of tools designed to enhance comprehension and assessments.

- ✔ **Return Demonstrations:** Bridging Theory and Practice: Transform theoretical knowledge into tangible skills with *Return Demonstrations*. This dynamic feature provides for comprehensive assessments of practical skill that foster a learning environment where practical proficiency is honed through guided, hands-on experiences.
- ✔ **MyPortfolio:** Centralizing Success and Growth: Provide every member of your organization with a comprehensive digital repository of their entire performance and learning history in MyPortfolio. This centralized platform allows for efficient management and access to documents, academic achievements, compliance records, and personal development milestones. Users can document personal goals and objectives, individual learning experiences, and review their complete performance history.
- ✔ **Clinical Learning Contracts (CLC):** Tailored Pathways for Success: In medical education, meeting minimum standards is crucial for trainee development. When these standards are not met, Clinical Learning Contracts (CLCs) provide a structured pathway to document and guide trainee progress. MyEvaluations offers predefined templates and the flexibility to customize CLCs, catering to the unique requirements of each course. With clear expectations and a step-by-step workflow, these contracts assist trainees in navigating their way back to success, ensuring they meet and exceed educational benchmarks.

MyEvaluations' suite of comprehensive learning tools is thoughtfully designed to complement and enhance the entire educational journey.

Clinical and Educational Resources: Enriching the Learning Experience

Expand the horizons of medical education with our suite of clinical and educational resources.

- ✔ **Learning Assignments:** Engaging and Enriching: Create engaging educational tasks with reading requirements tailored to rotation requirements. Link each learning module to quizzes that improve both ITE performance and boost board pass rates. Enhance the educational experience and outcomes for every trainee.
- ✔ **MyQuiz:** Interactive Learning and Assessment: Challenge and assess your trainees with MyQuiz, the tool that has been statistically proven to raise board-passing rates. Craft interactive quizzes and exams with our database of physician-developed questions and upload your own library of questions. Test knowledge while encouraging deep learning and understanding.
- ✔ **Procedure Logging:** Tracking Skills and Growth: Accurately track and manage procedural skills with our comprehensive logging tools. Create custom fields, establish clear benchmarks for graduation and competency, and track Levels of Supervision, preparing every trainee for their professional journey.
- ✔ **Patient Logging:** Documenting Clinical Encounters: Enable detailed logging of clinical encounters with rotation-specific requirements as well as benchmarks for each training level. Monitor total outpatient hours to enrich trainee experiences, ensuring comprehensive educational growth and preparedness.
- ✔ **Clinical Activity Logger:** Recording Every Learning Moment: Capture each clinical activity in detail, turning every task and interaction into a valuable learning opportunity.
- ✔ **MyCME:** Streamlining Continuing Medical Education: MyCME offers a user-friendly platform for healthcare professionals and administrators, enabling the creation and management of a comprehensive CME activity library. From webinars and reading materials to recorded sessions, it enhances the learning experience. MyCME's standout feature is its direct connectivity to ACCME PARS, streamlining CME credit submissions and financial details. With integrated Certification Management, including MOC tracking, and Financial Management and Transcript Generation, MyCME simplifies CME management, making continuous learning and development accessible and efficient.

With MyEvaluations, you have a partner in crafting a rich, varied educational ecosystem, where every resource is designed to enhance learning and professional development.

Access Insights to Improve the CME Experience

Program Management: Driving Excellence through Data and Insight

Harness the power of data to elevate your educational offerings through strategic program management.

✔ **Data Management and Analytics:** Unlocking Potential: Utilize our powerful data management and analytics tools to gather, interpret, and apply insights, to prepare for site visits and propel your program towards excellence.

✔ **Annual Program Evaluations (APE):** Harnessing Data for Informed Growth: Elevate your program's potential with MyEvaluations' Annual Program Evaluations (APE) module. This powerful tool transforms the process of program evaluation by centralizing historical data and current performance metrics. Seamlessly assess your program's strengths and weaknesses, set up actionable plans (SWOT and PDSA) with clear timelines, and automate reminders for follow-ups. This module not only enables insightful trend analysis and targeted improvement identification but also integrates compliance checks into the heart of your strategic planning, paving the way for continual advancement and success.

- ✔ **Common Program Requirements (CPR):** Achieving Compliance with Confidence: With MyEvaluations, confidently navigate the ACGME's Common Program Requirements to meticulously track each requirement, ensuring comprehensive adherence. Stay ahead with features that highlight at-risk items and incorporate automatic reminders linked to action plans, maintaining a constant state of readiness and compliance.
- ✔ **Institutional Requirements (IR):** Upholding Educational Excellence: Adherence to ACGME's Institutional Requirements is pivotal. MyEvaluations' IR tool delineates each requirement for thorough monitoring. It reinforces your institution's dedication to delivering high-quality education and fostering an exceptional learning environment, aligning with the highest standards of graduate medical education.
- ✔ **Self-Study Evaluations (SSE):** Streamlining Self-Study Processes: Prepare for your self-study reviews effectively by providing your Self-Study Committee with centralized access to comprehensive program data. Utilize this feature to review historical trends, pinpoint areas for improvement, establish action plans, and ensure compliance, all geared towards successful periodic site visits and continuous program enhancement.

Choose MyEvaluations for program management and embark on a journey where data-driven insights lead to actionable improvements.

Administrative Tools: Simplifying Processes, Empowering Administrators

Streamline administrative tasks with a suite of tools designed for efficiency and ease.

- ✔ **Smoothly Integration New Trainees:** Experience the simplicity and efficiency of integrating new trainees into your program with our Onboarding and Credentialing module. This feature streamlines the entire process from start to finish. Customize your onboarding requirements, effortlessly upload and manage forms, and capture electronic signatures with ease. Our system centralizes and collates all necessary files, making the transition for new trainees smooth and paper-free. It's about creating a welcoming and organized start for your future medical professionals.
- ✔ **ERAS Data Importing:** Streamlining Trainee Information Management: ERAS Data Importing enhances trainee information management by directly linking with ERAS, reducing manual data entry and improving data accuracy. Seamlessly import key ERAS data into MyEvaluations, ensuring streamlined, accurate trainee data management for efficient onboarding.
- ✔ **Certificate/Diploma Printing:** Celebrate Success: Create and distribute professional-grade certificates and diplomas with customizable templates, adding a personal touch to every achievement.
- ✔ **Custom Reporting:** Tailored Insights for Informed Decisions: Develop and access custom reports designed to provide deep insights into your program, aiding in strategic planning and decision-making.
- ✔ **Data-Driven Decisions:** Harness the power of data analytics within evaluation reports to make informed decisions. Our system offers deep insights, enabling you to understand trends, identify areas for improvement, and tailor your educational strategies accordingly.
- ✔ **Compliance Tracking:** Staying Ahead of Standards: Keep your program aligned with ACGME requirements with comprehensive tools designed for proactive compliance monitoring and reporting, sending you automatic notifications when activities are at risk, helping you stay ahead.

With MyEvaluations' administrative tools, you gain the efficiency and freedom to focus on what truly matters – the educational growth and success of your trainees.

Administrators

MyGME Fiscal: IRIS / XML + FTE Reports + Invoicing

MyGME Fiscal is an integral component of MyEvaluations, designed to streamline the financial management aspects of Graduate Medical Education. It transforms the intricate task of fiscal tracking and reporting into a straightforward and efficient process. With MyGME Fiscal, administrators gain a powerful ally in managing budgets, tracking reimbursements, and ensuring compliance with funding regulations. Generate detailed fiscal reports including FTE reports, IRIS / XML reports, and Medicare Audit Reports.

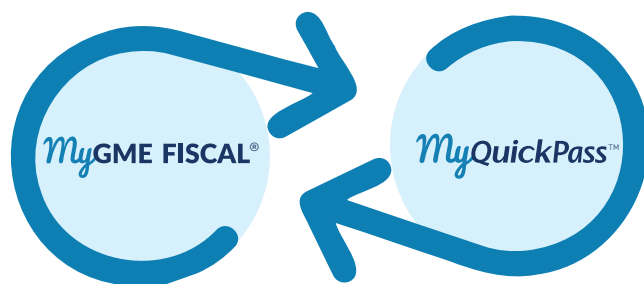

Empower Your Audit Responses: Combine MyGME Fiscal & MyQuickPass for Medicare Excellence.

As Medicare's audit demands intensify, MyEvaluations.com introduces a synergistic solution: *MyQuickPass*

Employs geofencing technology via the MyEvaluations Mobile App to automatically record each trainee's clinical activities. Data is seamlessly integrated into MyGME Fiscal, ensuring a comprehensive overview of residents' activities and locations.

Meet Medicare's rigorous day-by-day, hour-by-hour audit requirements with the combination of MyGME Fiscal and *MyQuickPass*.

**We are ready to help you
uncomplicate your
GME fiscal management.**

Key Benefits:

- **Enhanced Data Precision:**
By complementing MyGME Fiscal's robust scheduling functionality with *MyQuickPass*, hospitals gain detailed, geo-tracked hour logs that ensure the utmost accuracy in data reporting.
- **Streamlined Audit Preparedness:**
The synergy of MyGME Fiscal and *MyQuickPass* prepares hospitals for Medicare audits, offering the detailed records now required, while reducing traditional challenges and overhead.
- **Optimized Financial Reimbursement:**
Through the combined strength of MyGME Fiscal and *MyQuickPass*, hospitals can ensure that every hour is appropriately logged, leading to precise and maximized Medicare funding.

The Essence of MyEvaluations: Beyond Features

In the pages of this brochure you've seen the multitude of features MyEvaluations offers. Each feature has been crafted with the end-user in mind, ensuring both functionality and ease of use that is tuned to the real-world challenges of medical education management.

But MyEvaluations is more than just a sophisticated technological platform. It blends innovation with human insight. Our tools are complemented by a team of dedicated experts, passionate about guiding you towards best practices and the optimal use of our system. This isn't just about software; it's about a system that connects, supports, and enhances the human elements of medical education.

With MyEvaluations, you gain access to top-tier educational management tools, and you become part of a community supported by professionals who understand your needs and are committed to your success. Our team is here in chat, email, and by phone to ensure that every interaction with our system is as fruitful and satisfying as possible.

This harmony of cutting-edge technology and expert human support is what makes MyEvaluations unique. It's not just a service; it's a partnership in your educational journey, a collaboration aimed at achieving the highest standards in medical education.

Ready to experience the MyEvaluations difference?

Let MyEvaluations introduce you to the blend of advanced technology with the warmth of expert guidance. Reach out to us to transform your medical education management, together with a team that's as invested in your success as you are.

Meet the Team

Meet Your Support Team: Enhancing Your Experience

At MyEvaluations, we're committed to being there for you. Our dedicated Client Services team is ready to address any questions you may have. Our suite of offerings seamlessly collaborates to ensure you have the best experience while integrating our services into your practice.

Let us introduce you to some key team members who are eager to assist you. Learn more about who they are and how they can make your experience with us even better!

Jay Swiderski

I believe the essence of making a difference lies in understanding each of my client's unique experiences, needs, and perspectives. Through this human connection, it creates an environment where my client feels genuinely valued, allowing both the client and I to work together towards positive change and growth.

Lisa Dent

Connecting with our clients is very important in building a relationship of trust and understanding in order to provide the best experience possible in order to exceed their expectations.

Lisa Ahoulim

The most exciting and meaningful part of my job is working with diverse clients across different institutions in supporting them to utilize MyEvaluations' various tools in helping the future in-training doctors to become experts in their fields.

Jack Lincoln

I'm so happy to be part of a team where strong support is as crucial as the software itself. There's always someone ready to respond to an email, a chat, or a phone call. And it's not an anonymous call-center, it's me on the other end. That's how we really make a difference. I'm proud of that.
